Convenience Store Foodservice - US

Total c-store (convenience store) foodservice sales reached an estimated \$38 billion in 2017; while foodservice sales will grow, Mintel forecasts growth will occur at a slower rate relative to previous years. C-stores tend to have a loyal consumer base that drives most foodservice purchases. Though these consumers are important, operators ...

Healthy Dining Trends - US

"Consumers are no longer satisfied by the basics when it comes to ordering a healthy dish at a restaurant; unique, flavor-driven dishes are becoming the norm. Highlighting ingredient quality gives even indulgent dishes, like pizza and burgers, a halo of health. Younger consumers are being impacted by this trend and ...

Fast Casual Restaurants - US

Even as things change, they still remain the same. The concept of quality food at an affordable price that launched the fast casual segment has remained a key association. However, as dining habits shift and the landscape gets more competitive, fast casuals look beyond what worked in the past and ...

Full Service Restaurants - US

"FSRs (full service restaurants) continue to experience sales growth and set the trends that influence the entire restaurant industry as well as retail food. However, while the market as a whole is growing, many individual FSRs, especially mainstream casual dining chains, are facing sales losses. Market saturation and changes in ...

Consumers and the Economic Outlook - US

"Economic improvement continued at a relatively steady clip as a new presidential administration took office at the beginning of the year. While there have been natural catastrophes and tragedies throughout the US, the economy has generally remained stable and any expert predictions continue to be optimistic."

International Food Trends - US

"International cuisines, flavors, and ingredients continue to be an area of opportunity in both foodservice and retail. Young consumers in particular represent a key opportunity as they show high interest in international foods but lack the skills required to actually cook international cuisine at home. While many consumers still prefer ...

Seasonal Dining Trends - US

Seasonal menu items are associated with a positive, treat-based sentiment, which makes them a key focus for foodservice operators. However, with retail maintaining an edge when it comes to seasonal purchases across a variety of categories, foodservice operators need to understand the preferences and demographics of seasonal consumers, while also ...
