### Consumers and the Economic Outlook: Quarterly Update - UK

"Mintel's key measures of consumer confidence show that people are still wary. Although the improvements in sentiment that accompanied the end of the income squeeze have been sustained, 2015 has been a year of consolidation, rather than one of soaring consumer spirits. Earlier in the year, the election added ...

### Green, Ethical and Socially Responsible Finance - UK

"The level of influence that ethical considerations have over consumer selection of financial services products and services is minimal, however, this is beginning to change. Younger consumers are more willing to pay extra for products provided by socially responsible companies. Incumbent providers need to pay attention to this gradual shift ...

### Consumer Payment Preferences - UK

"The payments market defies all typical negative stereotypes of the financial services sector. It is dynamic, fast paced and innovative with multiple players competing to solve the payments challenges of both today and tomorrow. This is creating an environment that is both exciting and potentially hugely beneficial to both providers ...
