

July 2023

Car Finance - UK

“Car finance continues to offer a more affordable solution for those who are unable to buy a car outright. Although the current economic situation has made the flexibility offered by alternative purchasing methods, such as car subscription services, appealing, consumers are still unsure on aspects such as contract lengths and ...

June 2023

Mortgage Advice - UK

“Conditions continue to be challenging for mortgage advisers in 2023. Households are feeling the pressures of the cost of living crises and mortgage costs continue to rise. However, whilst the current economic climate is hampering activity, consumers are placing a greater value on mortgage advice. The current heightened uncertainty presents ...

May 2023

Mortgages - UK

“Mortgage lending remained resilient in 2022, but the outlook is more challenging. The cost of living crisis is mounting pressure on household finances, causing mortgage owners to worry about their ability to afford their payments and making homeownership seem unattainable for non-homeowners. Nonetheless, the demand for homeownership remains high, suggesting ...

April 2023

Money Management Apps - UK

“Younger consumers are using more financial apps, more frequently and for a wider range of purposes. The cost of living crisis could see use increase across demographics as people look to budgeting tools and Open Banking apps to help highlight opportunities for savings. Financial services markets that have struggled to ...

March 2023

Travel Money - UK

“Spending abroad by UK residents is expected to surpass pre-pandemic levels in 2023. This will primarily be due to rising costs and inflation with the number of holidays remaining below 2019 and the business travel segment having adapted to virtual meetings. Travellers will be looking for locations where their money ...

February 2023

Credit Monitoring - UK

“Amid a challenging economic climate, some consumers are worrying about their credit scores as many are seeing their household budgets squeezed. This could further boost engagement with credit monitoring services. However, myths about credit scores and reports continue to persist, and providers should continue to focus on tackling these to ...

January 2023

Personal Loans - UK

"Personal loans lending has gradually recovered from the impact of COVID-19 but remains below pre-pandemic levels. The rising cost of living provides a new challenge for lenders, as a cautious consumer mindset and rising interest rates will dampen demand for new loans throughout 2023."
