#### Charitable Giving - UK

“The COVID-19 outbreak has had a seismic impact on the charity sector, as fundraising events were cancelled, charity retailers were forced to close and consumer lifestyles shifted in-home. Virtual and hybrid events have been key in buoying charity engagement with consumers and fundraising levels in the last year, driving new ...

#### Understanding a Divided Britain - UK

“Britain is home to a plethora of identities, social and political viewpoints and beliefs. Despite this, most people agree that it is a country they are proud to call home and that most Brits live according to a shared set of values. There are, however, disagreements over what Britain should ...

#### Ethical Lifestyles - UK

“The coronavirus pandemic has undoubtedly been a distraction from environmental and sustainability concerns for many people, businesses and the government. However, it is important to note that for many consumers it has only strengthened their resolve to do more to protect the planet. Businesses have been highly innovative when it ...

### June 2021

#### Consumers and the Economic Outlook - UK

“Despite the continuing upheaval caused by COVID-19, financial wellbeing and financial confidence both hit new index highs in April 2021, while planned financial activity for the next three months approached pre-pandemic levels in May, driven by increased interest in leisure and hospitality.

While there are growing signs of polarisation and ...

#### Consumers and the Economic Outlook - UK

“The end of social distancing and the associated boost to retail, leisure and entertainment spend brought about an immediate rebound in economic activity, and GDP grew by 4.8% in Q2 2021. Consumers have also responded positively, with Mintel’s current financial wellbeing and financial confidence trackers reaching new record-highs in ...

#### Millennial Lifestyles - UK

“Millennials are the generation that came of age in a deeply troubled financial climate during the Great Recession of 2007-9, only to face a second global crisis a decade later. This has left a significant mark on their financial outlook which has translated into a delay for many in their ...

### May 2021

#### Single Lifestyles - UK

“There can be little doubt that singles were amongst the hardest hit by UK lockdowns; loneliness levels shot up due to the significant impact they had on both social and dating lives. In a post-lockdown society consumers are keen to once again experience face-to-face meetings. Marketers must ensure that in ...

#### The Impact of COVID-19 on Household Finances - UK

“COVID-19 has impacted British business and social life like no event since the Second World War. Household finances have not been exempt from this. Rising unemployment and income cuts have plunged some – particularly already vulnerable groups – into financial difficulty. However, furloughs, reduced spending and a rise in remote ...

### April 2021

#### Families - UK

“While the lockdown periods have been challenging for all consumers, there can be little doubt that the closure of schools meant that families were among the hardest hit as many parents were forced to juggle home schooling and childcare responsibilities with the shift to working from home. But with modern ...

### March 2021

#### Consumers and the Economic Outlook - UK

“GDP grew by 1.0% in the final quarter of the year as the economy bounced back more strongly than in expected in December, following the dip in November caused by the second lockdown of England and other lockdowns and restrictions in various parts of the country. Despite this slight ...

#### Attitudes towards Cosmetic Procedures - UK

“The COVID-19 outbreak had a direct impact on cosmetic procedures with beauty salons and clinics forced to close for many months during the initial spring and winter lockdowns. While economic uncertainty from the pandemic could translate to a dip in the number of some cosmetic procedures in the near future ...

### February 2021

#### Lifestyles of the Over-55s: Inc Impact of COVID-19 - UK

“With vulnerability to the coronavirus increasing alongside age, Britain’s over-55s have been consistently among the most anxious about being exposed to the coronavirus, driving widespread cautious behaviours among the cohort. In the face of a third UK lockdown, concerns surrounding both the physical and mental wellbeing of this group must ...
