Solar Panels - UK

“The outlook for the UK solar panels market is bright, fuelled by the decarbonisation agenda across the public, commercial and residential sectors and the accelerated shift to renewables generation. All main market segments (ground-mount, residential and non-residential rooftop) are in high growth mode, with sustained strong deployment of solar PV ...

Energy Industry - UK

“Consumer interest in energy bills, as a result of rising prices and business failures and their increased awareness of their energy usage offers opportunities for suppliers to more actively engage with customers to help them lower their energy bills and carbon emissions. This includes the rollout of smart meters, installing ...
