

## February 2021

### Schools, Universities and Hospitals - UK

“Severe disruption brought on by COVID-19 has meant a 13% reduction in the market’s value to £6.9 billion in 2020. This comes despite efforts in recent years to increase capital funding to address the condition of the public school and healthcare estates.

### B2B Insurance - UK

“Many small and medium-sized businesses have been significantly hit by the pandemic. Insurers’ sector and business expertise can help their clients stabilise operations and, in the process, help stabilise their own commercial insurance line of business.”

### Civil Engineering - UK

“Infrastructure investment will have a key role to play in the economic recovery from COVID-19, both by maintaining jobs in the short term, and creating the conditions for long-term sustainable growth.

The government has recently brought forward capital investment in infrastructure, decarbonisation and maintenance projects and committed £27 billion to ...
