Vitamins, Minerals and Supplements - US

"The pace of growth for the VMS (vitamins, minerals, and supplements) market remains steady, as sales are estimated to increase by 5.1% in 2018, reaching \$24.5 billion. Yet consumer emphasis on value and lack of product understanding are a challenge to the category. To best position themselves, category ...

Vitamins and Supplements - UK

"The ongoing consumer focus on health and the continued success of demographic-specific supplements have supported growth in the vitamins and supplements category. However, with the majority of adults questioning the health promises made, improving trust is needed if the category is to grow its market penetration. Meanwhile, personalised subscriptions could ...

Laundry Detergents, Fabric Conditioners and Fabric Care - UK

"In its bid to reverse rapidly falling value, laundry detergent brands have upped their focus on innovation that aims to reduce consumers' repertoire of laundry care products. However, in doing so, the fabric conditioners and fabric care markets are now under threat. Increased focus on skin health and the environment ...

Shaving and Hair Removal Products - US

"The highly saturated shaving and hair removal products market is estimated to reach \$3.5 billion in total 2018 retail sales, declining by 3.9% from 2017. Although usage of razors is nearly universal, the value-driven nature of the category, shifting expectations of shaving and hair removal, and increased competition ...

Pest Control and Repellents - US

"The pest control market has slowed. While there are heightened concerns about insect-borne diseases, the market is maturing. Consumers are trading down to private label products, while more depend on professional services, which have moderated growth of the consumer product side of the market.

The long-term prospect for the market ...

Bodycare and Deodorant - US

"The body care and deodorant industry continues to see slow yet steady sales growth in 2018, with future trends projected to remain comparable. Deodorant brands that focus on scent, natural ingredients, and practical claims such as staining or white marks will continue to see success. Body care brands that pique ...

Household and Personal Care - International

"The home laundry products market is estimated to grow. While detergent dominates the market, the wide array of features and innovations offered in the laundry care segment largely contributed to category growth. Offering products that effectively, yet safely, clean all fabric types could be an opportunity for brands to post ...

Medicated Skincare - US

"The medicated skincare market grew by 0.4% in 2017 and will reach an estimated \$1.1 billion in 2018; an increase of just \$14 million. Through 2023, Mintel estimates that the market will add between 1% and 3% per annum. Better prevention, oral medications, and non-medicated products will continue ...

Consumers and the Economic Outlook - US

"Consumers remain confident in their financial health and anticipate little change in the coming year, resulting in stable patterns of financial opinions and behaviors. Consumers hope to save for the future while also maintaining spending levels that accommodate their current lifestyle. This Report looks at the role credit score plays ...

Air Care - UK

"More people than ever are using air care products, with the category benefiting from meeting both emotional and functional needs. However, concerns over the content of standard fresheners look to have encouraged some consumers to re-evaluate their product choices. Innovation is continuing to rise, ensuring the category remains fresh and ...

Oral Care - UK

"In a sector where growth has ground to a halt, and is expected to remain flat for some time, oral care brands need to engage consumers more with their dental health and reduce reliance on special offers if they are to see value return. More standardised help and guidance in ...

OTC Analgesics and Cold and Flu Remedies - UK

"The British population is facing a health crisis – it is getting older, more overweight and a growing culture of 'presenteeism' is resulting in many employees placing additional stress and strain on their bodies when rest and recuperation is what's needed. The OTC analgesics and cold and flu remedies market ...
