

## March 2018

### Fleet Services - UK

“The fleet services market continued to expand over 2017, but the rate of growth narrowed somewhat as the industry navigated uncertainty in the business climate tied to Brexit. New vehicle registrations fell, though this was more symptomatic of pressure on the automotive industry, with fleet vehicles rising as a proportion ...

## February 2018

### Recycling - UK

“The value of the UK recycling market rose again over 2017, though margins narrowed in line with increasingly difficult market conditions. These conditions are set to be exacerbated in the coming years given the recent Chinese ban on imported plastic waste, government budget constraints, and the finalisation of Brexit negotiations ...
