Impact of COVID-19 - UK**

“The economic impact of COVID-19 has been severe and widespread, though the effect on the separate sectors of the economy has been highly varied. With the vaccination roll-out having commenced in December 2020 the prospects for economic recovery gathering pace during 2021 have improved, though the first half of the ...

**Renewable Energy: Inc Impact of
COVID-19 - UK**

“The renewables sector has proved generally resilient, despite the impact of COVID-19 on new build activity in 2020. Industry players continue to show robust commitments to invest in renewables as costs decline and on the back of some positive policy announcements. As such, the UK government has recently committed to ...

October 2020**Solar Panels: Inc Impact of
COVID-19 - UK**

“Whilst COVID-19 is not expected to present a big risk to the UK solar PV market in the medium term, a protracted economic recovery would hit solar PV demand in residential and commercial sectors. Looking ahead, market growth is anticipated to be initially driven by ground-mounted solar PV installations, with ...
