### Grocery Retailing - China

“The grocery retailing market is ready for premiumization. While fresh produce remains a central focus, grabbing children’s attention could be a point of differentiation among the top players. O2O retailers are here to stay and the direct-to-consumer model’s exciting approach towards fresh food retailing is expected to make an impact ...

### New Retail - China

“Today’s Chinese consumers are used to shopping online for most consumer goods, yet physical venues remain vital for categories where consumers don’t have much knowledge and need guidance. China is on the cutting edge of developing new technologies and innovative retailing features, and the online channel will continue to become ...
