

June 2014**Electricity Supply and
Distribution (Industrial Report) -
UK**

“The country’s ageing infrastructure assets continue to drive capital investment in the electricity distribution industry. Distribution network operators are also ramping up investment in new technologies to accommodate higher quantities of distributed generation and low carbon technologies on the grid.”

May 2014**Sewerage (Industrial Report) - UK**

“As the majority of capital projects driven by legislative requirements in the water and sewerage industry are now complete, a shift in focus is expected during the next five-year regulatory period 2015-20 (AMP6). As such, companies are more likely to concentrate on effective asset management and maintenance rather than capital ...
