Telecommunications - UK

“Telecommunications usage is changing significantly thanks partly to technological developments, but strict regulation and intense competition are driving market revenues down. Major structural changes in the industry are now materialising as the UK looks to move in the same direction as much of Europe and the US. Quad play, combining ...

Software - UK

“Such are the advances in sales of the software sector that the post recession flat economy merely stunted growth in the market. 2014 saw a return to double-digit growth and the continued challenges of corporate cost control and adding value in the enterprise sector will further stimulate the market over ...
