Slimming Foods - UK

Slimming is different to dieting. Put simply, dieting is based on choosing foods for optimum gradual weight loss, whereas slimming is centered on radically reducing calorie intake for rapid weight loss. As obesity rates soar in the UK, the slimming market has experienced mixed fortunes partly because of a lack ...

Nuts, Seeds and Dried Fruit - UK

Mintel last examined the market for nuts and dried fruit in July 2001. Since that time healthy eating has established itself as a driving force behind many sectors of the UK food market, a trend which has benefited demand for premium nuts, mixes and dried fruit, and given rise to ...

Children's Attitudes Towards Food and Drink - UK

This report examines children's attitudes towards food and drink products. This includes a review of current behaviour; such as snacking, in home and in school consumption, as well as influencing factors shaping the development of attitudes; such as the parental role, Government initiatives and Manufacturer activities. The market has been ...

July 2006

Yogurts - UK

The yogurt market is one of the most dynamic in grocery, highly competitive with strong advertising support and an active new product development agenda.

May 2006

Leisure Centres and Swimming Pools - UK

The market for leisure centres and swimming pools has enjoyed an unprecedented period of growth during the past decade, prompted by considerable investment in new provision funded largely by the National Lottery and, more recently, public private partnerships. However, the industry faces dual threats from the looming problem of an ...

Attitudes Towards Healthy Eating - UK

Healthy eating is one of the hottest topics in the food industry. In response to the rising obesity levels within the UK population and the plethora of diseases associated with living with excess weight, the UK Government has pledged to improve the health problems of the nation. Many of these ...
