

June 2020**B2B Economic Outlook: Inc
Impact of COVID-19 - UK**

“The COVID-19 lockdown will see household expenditure on energy increase in 2020. While consumption is up, wholesale energy prices have collapsed amid the pandemic. This is pushing down the cost of new deals which means households are able to make greater savings by switching to a cheaper tariff. This would ...

May 2020**Waste Management and
Recycling: Inc Impact of
COVID-19 - UK**

“The COVID-19 outbreak is causing some disruption to waste and recycling services. While waste operatives have been classified as “key workers” by the government, allowing them to continue working during the government lockdown, some councils have scaled back on recycling collections, while household waste recycling centres have been closed to ...
