

September 2018**Solar Panels - UK**

"The UK solar PV sector faces significant challenges as a result of government policy changes. However, the sector is expected to return to growth in a post-subsidy world as the cost of solar PV continues to fall, and more efficient and affordable battery storage solutions and more innovative finance and ...

August 2018**Energy Industry - UK**

"As competition in the energy retail market continues to heat up, suppliers are branching out into other utility services, such as broadband and mobile phone contracts, and bundling their multi-utility offering to gain a competitive edge. This trend is set to continue, with more suppliers offering diversified services to broaden ...

Public Expenditure - UK

"The UK government's strategy remains focused on reducing the national deficit, with a desire to maintain public expenditure while reducing borrowing and boosting economic growth. The government further reduced borrowing in 2018, with this trend set to continue in the coming years, assuming no political change. However, the UK is ...
