

## February 2014

### Grocery Retailing - Ireland

“With the value of own-label grocery products forecast to exceed the value of branded goods from 2015 onwards, manufacturers of branded products will likely begin focusing their efforts on becoming the suppliers of supermarkets’ own-label products to supplement the sales of their core branded goods and increase their overall profitability ...

## November 2013

### Clothing Retailing - Ireland

“The Irish clothing retailing industry has had its fair share of tribulations throughout the downturn, however with the economy showing slow signs of recovery and given the region’s potential for online retailing, there is a more positive outlook ahead for the clothing retailing industry in Ireland.”

## April 2013

### Online and Mobile Retailing - Ireland

“Online and mobile retailing will continue to grow as an industry due to Irish consumers increasingly purchasing goods and services via these mediums to save money. As such, these channels will become ever more crucial to the success of retailers throughout Ireland.”
