Hosiery had been undergoing a renaissance since the autumn/winter 2004 season when the skirt came back into fashion, the full effects of which were seen in 2006.

**Retail Store Design - UK**

What should retailers do to ensure that people buy from them and not from a competitor? How should bricks and mortar retailers respond to the intensifying challenges from online sellers? What role can store design play in ensuring that a retailer is high in the pecking order?

**May 2007****Maternitywear Retailing - UK**

The maternity wear market is a small part of the womenswear sector, and has remained relatively static in value size over the past five years. It is a sector that appears to undergo regular churn – non-specialists tend to dip in-and-out – and it has, over the longer period, suffered ...
