

July 2023**Sustainability in Technology - UK**

“In the broader context of consumers’ life priorities, sustainability often takes a back seat to other areas such as health and finances. When it comes to technology, people are conflicted over acting sustainably and saving money on new devices, and want the government and brands to lead the way on ...

June 2023**Fashion & Sustainability - UK**

“The cost of living crisis has played its part in helping consumers adopt more sustainable shopping behaviours, leading people to buy fewer items and shop less frequently, as well as boosting demand for resale and repairs. However, more radical changes will be required to reduce fashion’s environmental footprint, with some ...

April 2023**Sustainability in Travel - UK**

“Consumers increasingly expect to see sustainable tourism practices, along with complete transparency from travel brands on their sustainability credentials. With two-thirds of consumers perceiving travel companies to be guilty of greenwashing, it is essential for travel brands to step up and take accountability for their environmental impact. In order for ...
