### B2B Economic Outlook - UK

“Despite the uncertainties surrounding Brexit, the UK economy has only slowed to equate to the growth of the Euro-area, and the Bank of England still anticipates stronger growth than the Euro-area over the next three years. The Brexit-related uncertainties continue, and are now potentially exacerbated by a General Election. They ...

### Residential Care for the Elderly - UK

“The lack of long-term funding plans and the outlining of potential solutions to problems in the wider social care industry will only lead to doubts over the provision of care to those already in the system and those who may need it in future.”

– Lewis Cone, Senior B2B ...

### Domiciliary Care - UK

“Those operating in the industry are continually looking for new solutions with the main objective of being able to care for patients effectively in their own home. Domiciliary care providers who manage to offer personalised, affordable and clinically-led care solutions will be best positioned to gain opportunities from the ever-ageing ...

## September 2019

### B2B Economic Outlook - UK

“The UK economy continues to show signs of slowdown, with GDP reversing slightly as a no-deal Brexit appears increasingly likely. Brexit-related uncertainty continues to hold back investment and confidence, but have so far only materialised as slower growth.

A no-deal Brexit is expected to have a major impact on the ...

## August 2019

### Dentistry - UK

“Although growth is forecast to slow over the next five years, the private sector is anticipated to have greater growth opportunities than NHS dentistry since the NHS faces a considerable challenge in providing high quality healthcare amid rapid demographic changes and constrained public spending.”

– Lewis Cone, Senior B2B ...

## June 2019

### Private Healthcare - UK

“Whilst NHS income from private patients is predicted to grow by 6% a year until 2020, it is becoming more of a necessity to determine whether this represents a net financial gain. Existing providers are expected to expand over the next decade while new operators enter the market to try ...

### B2B Economic Outlook - UK

“The government has said that it is committed to a “green” Brexit and to maintaining environmental standards. The government is also expected to remain committed to the EU’s renewables generation targets and carbon emission reduction targets. Therefore energy and environmental policy is unlikely to change post-Brexit. That means it will ...

## May 2019

### Occupational Health - UK

“Changes in the practice of OH are inevitable because there will continue to be a massive shift in where OH services are provided - in the workplace, large enterprises, public sector organisations, SMEs and among the self-employed. As the economy shows signs of slowing down, OH initiatives that can boost long-term ...

## April 2019

### Children's Social Care - UK

“Although spending in the industry has risen as a whole, it has failed to keep up with growing demand for services. Alongside rising demand, there has been a reduction in funding for early intervention services, which has only added to demand pressures on the industry. This has highlighted the increasing ...

## March 2019

### B2B Economic Outlook - UK

“With time running out for the government and the EU to agree to a deal, the uncertain environment has led to many companies holding back on risky investments to ensure that their short-term objectives are able to be achieved alongside any adverse market impacts that follow Brexit.“

– Lewis ...
