

June 2023**Technology Trends: Summer - UK**

"As fewer young males view the latest technology as a sign of success, the technology sector finds itself at a crossroads. There is huge interest in potentially game-changing breakout technologies, such as the Apple Vision Pro headset. But there are significant hurdles to overcome in persuading consumers that the future of ...

Online Grocery Retailing - UK

"As expected, sales within the online grocery channel were in consistent decline in 2022 as the market rebalanced post the peak use of the channel in 2020-21, with further declines forecast for 2023 before longer-term growth returns. Pressure on finances has added to this, with some moving away from the ...

Online Grocery Retailing - Europe

"Having registered a strong uptick in sales at the height of the COVID-19 pandemic over 2020/21, the European online grocery retailing market entered correction territory in 2022 posting a decline of just under 6%. As the market recalibrates the sector still presents good prospects for retailers as it becomes ...

April 2023**Consumers and the Metaverse - UK**

"The hype surrounding the metaverse has seemingly peaked, with technological limitations and cost pressures dampening excitement. Consumer awareness of metaverses remains low, with minimal numbers accessing metaverse platforms. For brands, the challenge is how to ignite experiences within metaverses that go beyond consumers' habitual use of other digital channels, such ...
