

## December 2006

### Furniture Retailing - UK

Furniture retailers have been hit by a slowdown in consumer spending growth, as less confident consumers have cut back on buying large ticket items. Yet despite the gloom that hangs over some large retail chains, there is optimism among many in the sector.

## October 2006

### Nursery Equipment - UK

Since Mintel last examined the UK market for nursery equipment in September 2004, the market has grown strongly, up some 37% to an estimated £323 million. Despite uncertain trends in the birth-rate, other economic trends such as rising PDI, smaller family units and delayed motherhood have favoured the market, leading ...

### Carpets and Floorcoverings - UK

The carpet and floorcovering market for the purpose of this report is broadly sub-divided between fitted carpets, as well as rugs, and what are termed smooth floorcoverings such as wood laminate and vinyl. The market has been in a state of change for the last decade with the rising popularity ...
