Consumer Attitudes towards Debt - UK

“Some people have been forced to change their approach to borrowing. But many people have changed their attitude towards borrowing not because they’ve been forced to, but because they have chosen to. They have recognised that they need to think about the long-term consequences of their saving, and this shift ...

Web Aggregators in Financial Services - UK

“The price-comparison market struggles when it comes to differentiation. Although each site has its strengths, most are offering a similar range of products, targeting similar customers. Mintel’s research shows that there is scope for a site to carve out a niche for itself by building a more distinctive image.”

Consumers and The Economic Outlook - Quarterly Update - UK

The report includes an overview of the changes in household well-being over the last three years, a breakdown of planned and recent spending, and consumers' assessment of the potential impact of the government's austerity measures.
