#### DIY Retailing - UK

“DIY was again one of the best-performing non-essential retail markets amid continued disruption in the past year. However, the coming year will be much less certain, as demand slows with less time indoors and a near-perfect storm of inflation and supply chain issues. The growth of specialists, then, will depend ...

#### Consumer attitudes towards Cut Flowers and Houseplants - UK

“Purchasing and spending levels in the cut flower and houseplant sector have remained stable in the past 12 months. This is a promising sign that demand is holding up well despite the sector’s discretionary nature and one that is particularly susceptible to macroeconomic factors. But financial pressures on consumers’ pockets ...

#### Consumer Trends, Attitudes and Spending Habits for the Home - UK

“Disruption from the pandemic continues to shape sentiment and feed demand. Many continue to prioritise the home, and there was an upscaling of expenditure and projects in 2021. Looking ahead, however, with inflation, supply chain issues and the conflict in Ukraine, there is great uncertainty on the horizon.”

#### Consumers and the Economic Outlook Q1 - UK

“Even before the conflict in Ukraine, inflation had become the biggest concern for consumers, brands and the British economy for 2022. Households are set to endure the biggest squeeze on real incomes in decades, and the conflict in Ukraine will only add to existing inflationary pressures. This is seen in ...

#### Major Domestic Appliances - UK

“The booming housing market has been good for the major domestic appliance market despite continued COVID-19 related uncertainty. The years ahead are more uncertain however, with spending having been brought forward and the rising cost of living crisis set to make many consumers reconsider big-ticket expenditure.”

### Electrical Goods Retailing - UK

“Spending on electrical goods slipped by 2% in 2021, as it stabilised after a bumper year of sales with the pandemic in 2020. The legacy of this is also set to eat into new demand and delay upgrade windows in the coming year; however, with inflation and supply chain problems ...

### Nursery and Baby Equipment Retailing - UK

“The nursery and baby equipment retail sector has had a tumultuous few years as leading retailers such as Babies ‘R’ Us departed from the UK and heavy discounting flooded the market. The pandemic has only served to worsen these issues, giving the market little time to recover. At a time ...

### Bedroom Furniture - UK

“The bedroom market rebounded quickly in 2021. The extended periods that people spent indoors have continued to feed into sales and shine the spotlight on wellbeing. This saw an upscaling of expenditure; although below this, some continue to struggle, therefore polarising demand. Looking ahead, however, supply chain issues and any ...

### Homewares Retailing - UK

“The COVID-19 pandemic has driven consumers to spend more time than ever before in their homes. This shift has led to a renewed focus on the home and how it can be optimised to fit new ways of living and working. The homewares sector with its budget-friendly, lower-ticket items can ...
